In an ongoing effort to bring the community up-to-date financial information, the Frederick County Finance Department is pleased to announce the publication of its newsletter for the quarter ended March 31, 2013.

The financial newsletter presents current information on the finances of Frederick County, as well as other news items of interest. For example, this edition has information on revenues from different sources, articles on the Fiscal Year 2014 Budget, the record year celebrated by the Winchester-Frederick County Economic Development Commission, the Treasurer's nonjudicial tax sales, and stories on energy management progress and the Commissioner of the Revenue's efforts to encourage business licenses to go green.

The Frederick County Finance Department offers, in addition to the quarterly newsletter, two other publications: the Comprehensive Annual Financial Report (CAFR) and the Popular Annual Financial Report (PAFR). All publications are available electronically on the county website:
