<b>DETAILED SERVICE DESCRIPTIONS – TFC Services</b>	
<b>ASSESSMENT LEVEL</b> services provided to children and youth within the first 60 days of placement with the program. LFSVA will facilitate monthly treatment team meetings and monthly written progress reports.	<p><i>Services to include:</i></p> <ul style="list-style-type: none"> <li>• Weekly face to face contact, with at least two contacts occurring in the home every month</li> <li>• Weekly contact with parents</li> </ul>
<b>NON-TREATMENT LEVEL</b> services are for children who are developmentally on target, demonstrate age appropriate behaviors, and able to participate in community activities without restriction. Youth at this level would have minimal to no emotional or behavioral challenge. This level is typically a step-down level for youth who have stabilized in their current Treatment Foster Care Home. <i>The agency does not accept referrals of children placed at a non-treatment level of care unless the child is part of a sibling group where at least one sibling is placed at treatment level.</i>	<p><i>Services to include:</i></p> <ul style="list-style-type: none"> <li>• One face to face contact every month</li> <li>• Bi-monthly contact with parents</li> </ul>
<b>LEVEL 1 TFC</b> are services designed for children in need of a therapeutic home setting due to emotional, behavioral, or mental health needs. Typical needs associated with children at this level would be on-going supervision and support to manage minimal behaviors and are successful in environments that provide a structured and nurturing treatment setting to maintain their placement in the community. Youth would require monitoring and may need to provide services to lessen the likelihood that identified needs will become more acute or return after being “resolved”.	<p><i>Services to include:</i></p> <ul style="list-style-type: none"> <li>• Two face to face contacts, with at least one contact occurring in the home every month</li> <li>• Bi-monthly contact with parents</li> <li>• Medicaid pre-authorization</li> </ul>

<b>DETAILED SERVICE DESCRIPTIONS – TFC Services</b>	
<b>LEVEL 2 TFC</b> are services designed for children in need of a therapeutic home setting due to emotional, behavioral, or mental health needs. Children at this level of care would exhibit moderate emotional and behavioral challenges requiring intervention to keep youth in a community-based setting. The child's needs require that action (interventions, services, supports, etc.) be taken to address, remedy or ameliorate the needs.	<p><i>Services to include:</i></p> <ul style="list-style-type: none"> <li>• Three face to face contacts, with at least two contacts occurring in the home every month</li> <li>• Weekly contact with parents</li> <li>• Up to 3 hours of therapeutic support services (i.e. mentoring or IL coaching) a week based on assessment of youth's needs &amp; availability</li> <li>• Monthly treatment team meetings</li> <li>• Medicaid pre-authorization</li> </ul>
<b>LEVEL 3 TFC</b> are services designed for children in need of a therapeutic foster home setting due to more intensive and frequent behavioral issues. The needs of a child served at Level 3 ongoing treatment foster care require intensive action (interventions, services, supports, etc.) be taken to address, remedy or ameliorate the needs. Without such intervention the child may be at risk of residential placement. This level is also appropriate for children who are stepping down from residential placements or psychiatric hospitalizations or who have diagnoses of developmental delays/autism spectrum disorders, or who are medically fragile.	<p><i>Services to include:</i></p> <ul style="list-style-type: none"> <li>• Weekly face to face contact, with at least two contacts occurring in the home every month</li> <li>• Weekly contact with parents</li> <li>• Up to 5 hours of therapeutic support services (i.e. mentoring or IL coaching) a week based on assessment of youth's needs &amp; availability</li> <li>• Monthly treatment team meetings</li> <li>• Medicaid pre-authorization</li> </ul>
<b>INDEPENDENT LIVING ARRANGEMENTS</b> are services to help youth transition from a foster care placement to an independent living arrangement. Assistance will be provided to the youth and guardian to identify a suitable living environment.	<p><i>Services to include:</i></p> <ul style="list-style-type: none"> <li>• Minimum of one face-to-face visit with youth per month (50% of the visits will be in the home)</li> <li>• Independent living skills assessment and creation of a youth driven plan for independence</li> <li>• One-on-one assistance with employment search and maintenance, budgeting, money management, and household management</li> <li>• Transition planning for adulthood to include identifying support systems</li> </ul>
<b>VISIT COACHING/GUIDED VISITATION</b> are services offered to families of children placed with LFS to assist with reunification. The agency uses the Visit Coaching model to guide the case work practice. Visit coaching is a relationship based and trauma-informed method of providing supervised visitation.	<p><i>Services to include:</i></p> <ul style="list-style-type: none"> <li>• Set in the home, community or office</li> <li>• Helping parents articulate their child's needs to be met in the visits and preparing parents for their children's reaction to the visits</li> <li>• Helping parents plan their visits to ensure full attention is given to their child</li> </ul>
