(effective 7.01.2020)

All services may not be currently available in all Crossroads Counseling Center Offices. Please check with your local Crossroads Office for services available in your area.

COMMUNITY MENTAL HEALTH REHABILITATIVE SERVICES	HOUR / UNIT	FEE
Intensive In-Home Service (IIH):  H0031 Assessment; H2012 IIH  Intensive, time-limited interventions for children/adolescents under the age of 21, provided typically, but not solely in the residence of a child who is at risk of out-of-home placement or who is being transitioned to home from an out-of-home placement.  These services are designed to improve family dynamics, provide modeling and the clinically necessary interventions to increase functional and therapeutic interpersonal relations between family members in the home. IIH services provide assessment, individual and family counseling, crisis treatment, psycho-educational skills instructions, including problem-solving, interpersonal interaction, anger management, and communication skills, service coordination with other providers, and 24-hour emergency response. At least one adult with whom the child/adolescent is living must be willing to participate in services. Services are delivered by qualified Specialists following all regulations as defined by DBHDS and DMAS. FAPT funded individuals must meet the medical necessity criteria for this service as defined by DMAS.	Per hour	\$60.00
Therapeutic Day Treatment Service for Children and Adolescents (TDT): H0032 U7 Assessment; H0035 HA School Based TDT; H0035 HA U7 Summer TDT  Services offered to school-aged children and adolescents who have behavioral or emotional difficulties or are at risk for out-of-home or school placement. These services include a combination of individual and group therapeutic interventions and activities, including evaluation, psychiatric medication education and monitoring, opportunities to learn and use daily skills, and enhancing social and interpersonal skills such as problem solving, anger management, community responsibility, increased impulse control, and appropriate peer relations. TDT services may be provided during the school day or during the summer (where available) in programs of two or more hours per day.  Services are delivered by qualified Specialists following DBHDS and DMAS regulations. FAPT funded individuals must meet the medical necessity criteria for this service as defined by DMAS. (1 Unit = 2-2.99 hrs. per day; 2 Units = 3-4.99 hrs. per day; 3 Units = 5+ hrs. per day)	Per unit	\$36.53
Mental Health Skill-Building Service (MHSS): H0032 U8 Assessment; H0046 MHSS  Services provide individualized, goal-directed training to enable individuals with severe and chronic mental health disorders to achieve and maintain stability and independence within the community so they may continue to reside in the least restrictive environment. Training is provided to develop functional skills and appropriate behavior related to health and safety, activities of daily living, use of community resources, assistance with medication management, and monitoring health, nutrition and physical condition, with goals toward self-monitoring and self-regulation of these activities.  Services are delivered by qualified Specialists following all regulations as defined by DBHDS and DMAS. FAPT funded individuals must meet the medical necessity criteria for this service as defined by DMAS. (1 Unit = 1-2.99 hrs. per day; 2 Units = 3-4.99 hrs. per day)	Per unit	\$83.00

FAMILY SUPPORT SERVICES	HOUR / UNIT	FEE
Home Based Service:	Per hour	\$65.00
HB0002		
Qualified Specialists provide therapeutic interventions and skills training to children/adolescents and their families in the home setting of the child at risk of an out-		
of-home placement or transitioning from an out-of-home placement. Seeks to enhance		
more effective communication within the family and to improve behavior management		
practices with children. This service is an alternative for individuals who do not carry		
Medicaid or do not meet the Medicaid criteria for Intensive In-home services.		
Parent Mentoring Service:	Per hour	\$70.00
PM0002	reinoui	\$70.00
Skill-based service for families who have a child (birth to 18) at risk of or is transitioning		
from an out-of-home placement, have emotional or behavioral difficulties, or for		
parents who may be challenged by their own mental health concerns and need		
assistance in learning to manage their child's behavior. Services are provided in the		
family's home at a more intensive level than a parent class, with the primary purpose of improving family functioning. Qualified Specialists provide parents with education and		
skills to improve family functioning by increasing positive familial communication,		
understanding the child's behavior and improving management techniques, and		
enhancing the child's self-esteem. *Parents receiving this service are encouraged to		
participate in the Parenting Education Group.		
Supervised Visitation:	Per hour	\$65.00
SV0002	i ci iiodi	<b>403.00</b>
Supervised Visitation is a service that monitors the interactions of children and their		
birth parents during planned visitations, ensuring a safe and healthy environment in		
which children can interact with their birth family. If needed, a qualified Specialist may		
use therapeutic interventions to enhance the visitation and teach and model healthy parent/child interactions, appropriate boundaries and work to improve the overall		
relationship between the children and birth family.		
Parenting Education Group: PEG002	Per session	\$40.00 (Individual)
A trained group facilitator dedicated to creating healthy relationships within families,		\$60.00 (Couple)
teaches parents a set of strategies that assists children in developing self-regulation and		
self-efficacy with children of all ages. Parenting principles include refusing to energize		
negativity, energizing success, absolute clarity, active-experiential-proactive		
recognitions, and consistent consequences. The program consists of 10 weekly		
sessions. This group complements Parent Mentoring and is most effective as a		
concurrent service.		
INDEPENDENT LIVING SERVICES	HOUR / UNIT	FEE
Independent Living Skills: Adults	Per hour	\$60.00
ILSA02		
Qualified Specialists provide goal directed training and support to adults (21+) to		
develop functional skills and appropriate behavior related to health and safety, activities		
of daily living, use of community resources, employment, housing, assistance with medication management, and monitoring health, nutrition and physical condition.		
Enables individuals to achieve and maintain community stability and independence in		
the most appropriate, least restrictive environment. This service is an alternative for		
individuals who do not carry Medicaid or do not meet the Medicaid criteria for Mental		
Health Skill-Building services.		

Independent Living Skills: Adolescents  ILSAD2  Qualified Specialists provide independent living skills training, support and connection with additional resources for older adolescents (16-20) who may be transitioning to an independent living situation or may be having difficulty with the transition to adulthood. Services include support and training in the areas of education, employment, daily living skills and community life.  Casey Life Skills (CLS):  CA0002  An evidence-based program developed by Casey Family Programs for youth ages 14-21 that aims to set youth on their way toward developing healthy, productive lives by assessing behaviors and developing competencies youth need to achieve their long-term goals. The program begins with an CLS Assessment completed by the youth to determine the youth's strengths and challenges. Results of the assessment are used to develop an effective plan to help the youth gain useful life skills such as maintaining healthy relationships, good work and study habits, planning and goal-setting, using community resources, daily living activities, budgeting and paying bills, computer literacy, and making permanent connects to caring adults. This program is appropriate for youth who are in foster care, live with their biological parents, are transitioning from juvenile justice facilities, or reside in a group home.  Re-Entry Life Skills Coaching:  RELSO2  A program designed to help teens transition into their community upon release from incarceration. This program utilizes an evidence-based 12-session curriculum, each session lasting between 1 ½ to 2 hours, to teach life skills, self-awareness, anger avoidance, employment skills, and community service activities to help increase the teen's responsibility for his/her actions by overcoming self-defeating thoughts and behaviors.	Per hour  Per hour	\$50.00
INDIVIDUAL SUPPORT SERVICES  Adolescent Services for Support, Independence, Skill-building & Training (ASSIST): ASST02  A service for youth/adolescents needing support and training aimed at reducing continued court involvement and promoting personal accountability and independence. Qualified Specialists develop positive relationship with at-risk youth/adolescents to help guide them to make better life choices, teach appropriate social and interpersonal skills,	HOUR / UNIT Per hour	\$50.00
Anger Management Assessment  AMG001  The anger management assessment is used to help the client better understand his/her anger as well as help determine areas that the client needs to improve on in an anger management class or program. This assessment is completed prior to the first session and is between 60 – 90 minutes. This includes an evidenced based assessment, Anger Management Assessment-Short Form (AMA-SF) to assist with identifying whether anger problems exist as well as an in-person interview. The goal of the assessment is to identify those with clinical anger problems from non-clinical problems. The goal of anger management is to teach people how to examine their triggers. It also helps people adjust how they look at situations. Successful anger management therapy develops healthy ways for people to express anger and frustration.	Per assessment	\$60.00

	Г	1
Adult Anger Management Group:	Per session	\$40.00
AMG002  A psycho-educational group conducted by a trained facilitator, focusing on several		
topics including teaching adults 18 years and older to identify individual triggers and		
symptoms associated with anger. Participants learn strategies to manage their anger		
and increase coping skills. Participants may be self-referred, referred by the courts or		
other professionals. The program consists of 1 session (1.5-2 hr.) per week for 8 weeks.		
other professionals. The program consists of 1 session (1.5 2 m.) per week for 6 weeks.		
Adolescent Anger Management Group:	Per session	\$40.00
AAMG02		
A psycho-educational group conducted by a trained facilitator, designed to teach		
participants aged 14 to 17, coping skills to help manage their anger. Participants learn		
what not to do, helping them respond to anger in a nonaggressive manner and rethink		
anger-provoking situations. Participants may be self-referred, referred by the courts or		
other professionals.		
MENTORING SERVICES	HOUR / UNIT	FEE
Mentoring Service:	Per hour	\$50.00
ME0002		
Qualified Mentors provide behavior management, advocacy, role modeling, individual		
living/life skills development, socialization/recreation and anger management		
techniques.		
OUTPATIENT SERVICES	HOUR / UNIT	FEE
Mental Health Evaluation:	Per	\$250.00
MHE001	evaluation	
A Mental Health Evaluation (MHE) is used to ascertain whether or not an individual is		
functioning on a healthy social, emotional, and behavioral level, and to diagnose		
potential mental health disorders. The individual receives a diagnostic evaluation and		
potential mental health disorders. The individual receives a diagnostic evaluation and one or more of the following standardized assessment tools: Psychological Screening

Group Therapy: 90853 Group therapy will be provided by a licensed therapist or a licensed Resident or Supervisee under the direct supervision of a licensed therapist. Goals established individually with the client for their ISP will be addressed in a group setting. Groups will have no more than 10 individuals at a time.  SUBSTANCE USE DISORDER OUTPATIENT SERVICES  Substance Use Disorder Assessment (ASAM Assessment): 90791  A biopsychosocial, multidimensional Substance Use Disorder Assessment based on the ASAM Criteria conducted by a licensed professional to ascertain an individual's level of care needs for treatment of their substance use. The individual receives the assessment and the Substance Abuse Subtle Screening Inventory (SASSI), an evidence-based screening instrument. Diagnosis and treatment recommendations are determined as a result of the assessment.  Individual Substance Use Disorder Therapy (ASAM Level 1):	Per session  HOUR / UNIT  Per assessment	\$60.00 FEE \$250.00
90832 (30 min); 90834 (45 min); 90837 (60 min) Individual substance use disorder therapy with a licensed professional as determined to meet individualized needs based on the Substance Use Disorder Assessment. A licensed professional will develop an individualized treatment plan with the client. Sessions will typically be 60 minutes and the number of sessions will be dependent on the client's needs and progress.	45 min 30 min	\$101.00 \$68.00
Family Substance Use Disorder Therapy (ASAM Level 1): 90846 – Family w/client; 90847 – Family w/o client Family substance use disorder therapy with a licensed professional as determined to meet ISP goals established with the individual.	50 min	\$135.00
Group Substance Use Disorder Therapy (ASAM Level 1): 90853 Group substance use disorder therapy will be provided by a licensed professional. Goals established individually with the client for their ISP will be addressed in a group setting. Groups will have no more than 10 individuals at a time.	Per session	\$60.00
Substance Use Disorder Intensive Outpatient Services (ASAM Level 2.1): H0015  Intensive Outpatient Services for Adults (21+) or Adolescents (12-20 years old) with substance use disorders and/or co-occurring mental health disorders whose assessed Substance Use Disorder treatment needs fall within the ASAM Level 2.1 continuum of care. This service is provided to individuals who do not require the intensive level of care of inpatient, residential or partial hospitalization services, but require more intensive services than the weekly or bi-weekly sessions of traditional outpatient services. Adults receive a minimum of 9 hours per week (3, 3-hour sessions) and Adolescents receive a minimum of 6 hours per week (2, 3-hour sessions) of Substance Use Disorder treatment. Includes individual, group and family therapy, psychoeducational group sessions, referral and collaboration with other treatment and medication management providers, and treatment for co-occurring mental health disorders.	Per day/per person	\$250.00
Individual Substance Use Counseling SUD002 Individual substance use disorder counseling by a Certified Substance Abuse Counselor (CSAC).	60 min	\$75.00

Adult Substance Use Disorder Prevention & Education Group:	Per session	\$40.00
SAEGO3	1 61 3633.611	<b>V</b> 10.00
Psychoeducational groups for Adults (21+) conducted by a licensed professional,		
licensed Resident or Supervisee under the direct supervision of a licensed professional,		
or a Certified Substance Abuse Counselor (CSAC). The group will be topic driven based		
on the needs identified for the clients on their ISPs. Topics will range from enhancing		
coping skills, relationships and codependence, stages of change, learning about		
individual substances and their effect on the brain and body, to issues likely in early		
recovery, and ultimately relapse prevention.		
Adolescent Substance Use Disorder Prevention & Education Group:	Per session	\$40.00
SAGA02		
Psychoeducational groups for Adolescents (12-20) conducted by a licensed professional,		
licensed Resident or Supervisee under the direct supervision of a licensed professional,		
or a Certified Substance Abuse Counselor (CSAC). The group will be topic driven based		
on the needs identified for the clients on their ISPs. Topics will range from enhancing		
coping skills, relationships and codependence, stages of change, learning about		
individual substances and their effect on the brain and body, to issues likely in early		
recovery, and ultimately relapse prevention. The Adolescent Group will utilize an		
evidenced-based curriculum "Teen Intervene" and consist of ten (10) one-hour (1 hr.) sessions. For adolescents there is an expectation of parent/legal guardian participation		
during at least one session. A certificate of completion is awarded to participants who		
complete the program.		
complete the program.		
Peer Support Services, Individual:	Per hour	\$50.00
71012		
Peer Support Services for adults is an evidence-based, recovery oriented rehabilitative service for individuals 21 years or older provided by a certified Peer Recovery Specialist		
(PRS). A PRS is an individual with lived experience with substance use or co-occurring		
mental health and substance use disorders who has been successful in the recovery		
process. Specific Peer Support Service activities promote empowerment, self-		
determination, and understanding through mentoring, service coordination, and		
teaching positive coping skills to use when facing the unique stressors and barriers		
encountered by individuals in recovery.		
Peer Support Services, Group:	Per session	\$40.00
S9445		
Peer Support Services for adults facilitated by a certified Peer Recovery Specialist or		
cofacilitated by a PRS and CSAC or LMHP. This service can assist individuals with self-		
determination strategies utilizing a group setting.
