RE: Notice of Amendment to Rates for Services for FY2022

On March 30th and 31st, NCG sent out our FY2022 Rate Sheets to all our CSA partners to provide advance notice of slight adjustments in our fee structure. Since that time, it has come to our attention that Virginia has established standardized rates statewide for several evidence based programs we provide, which are supported by the Family First Prevention Services Act, an initiative of the Virginia Department of Social Services.

Please be advised, effective July 1, 2021, National Counseling Group, Inc. is adopting the new rates for evidence based programs recently established through Family First funding. This letter is to document the revision of our FY2022 Rate Sheet to reflect the changes below:

NCG Service	FY2021 Rate	FY2022 Rate* (7/1/21-6/30/22)
Functional Family Therapy (FFT)	\$53.00/day	\$57.00/day
Multisystemic Therapy (MST)	\$86.00/day	\$90.00/day
Parent-Child Interaction Therapy (PCIT)	\$15.00/day	\$124.00 per hour \$149.00 per hour (with certification)

\*NOTE: Although there is never an intention to change rates mid-contract year, NCG reserves the right to adjust rates in accordance with CSA requirements and guidelines.

These rates will be reflected on the Service Fee Directory prior to July 1st. Please ensure fiscal agents in your locality receive this update for the purpose of generating purchase orders. If you have any questions, please contact Stephan Stark, VP of Community Relations, at 804-314-3604 (cell) or feel free to email him at [Stephan.Stark@ncgCARE.com](mailto:Stephan.Stark@ncgCARE.com).
