

RATE SHEET Effective July 1, 2022 - June 30, 2023

Residential Services Provided at: Harbor Point Behavioral Health Center, 301 Fort Lane, Portsmouth, VA 23704

ASSESSMENT & DIAGNOSTIC PROGRAM – available for males and females, ages 7 – 18, with an anticipated stay of 45 – 90 days. This program offers a highly structured, secure setting for youth experiencing significant impairment in their emotional and behavioral functioning who are in need of a comprehensive, multi-systemic diagnostic evaluation to determine recommendations and options for treatment services. Youth would not meet medical necessity criteria nor would they be involved in the IACCT process at this time. During the evaluation period, youth will receive the same therapeutic, clinical, educational, medical and recreation services as the other residents. In addition to the standard evaluations conducted during a residential treatment stay, additional, more specific assessments will be utilized to assist in better understanding the clinical needs of the youth. At the time of discharge, a comprehensive report will be provided to include all assessments, evaluation and testing results as well as treatment recommendations.

The Assessment & Diagnostic program is not Medicaid eligible and would be funded strictly through the locality CSA.
