Journey House Foundation is a registered 501(c)(3) committed to providing a complete recovery support system of care, by blending recovery and mental health support, while providing affordable, quality VARR-accredited housing environments to those seeking long-term recovery from substance use disorder. We help our participants learn a new way of life in recovery, by using community collaboration, peer-to-peer delivery methods, and real-life experiences outside of their recovery network.

The following Services are included in the comprehensive Daily Rate:

- Life Skills Training and Coaching
- Completion of Casey Life Skills Assessment (annually)
- Formulation of Transitional Living Service Plan
- Formulating of Monthly Reports and Quarterly Service Plan Updates
- Guide and supervise the use of Recovery Capital through the Advance Recovery at Arms system for Self-Assessment for support service goal planning and participant engagement
- Coordination of Medical Service compliance and supervision of medication
- Coordination of Therapeutic Services

JOURNEYHOUSE
