

Shawneeland Community Yard Sale

And Bake Sale

**To Save the Shawneeland
Pavilion**

Funds need to be raised to save this structure from demolition. This old Mail House was built by community members at the main entrance to Shawneeland in the 1970's. It has been replaced by two new Mail Houses to serve each side of our growing community. The goal is to turn this structure into an information center which will hold a bulletin board and map of Shawneeland and serve as a picnic shelter and activities center.
