RE:FCPRD Written Medication Consent Form July 2014

Dear basicREC/ CAMP basicREC Parents/ Guardians:

Below is a copy of our MEDICATION POLICY- If your child(ren) needs to have one of these medications on site for emergency use you will need to have the MEDICATION FORM (attached) filled out by you and your child's physician. Once this form is complete you can return it to the program site staff along with the required medication. Please understand that we cannot keep or administer any of the outlined medications without this form being completed.

Frederick County Parks and Recreation Department (FCPRD) staff must be MAT certified to administer the following emergency medications; physician prescribed asthma inhaler, glucagon (orally or rescue injections only) and EpiPen.

In order for a parent to leave any of the above medications with us they must have their child's physician fill out the VA STATE mandatory authorization medication form a.k.a. FCPRD Written Medication Consent Form. Without the form, we do not take the medication.

Children with diabetes may self test and use an injection pen or pump to administer their insulin. FCPRD staff will not test, determine when a test is needed, or administer insulin. If applicable, parents will need to supply a sharps container and dispose of used testing strips and or injection pens. Before your child can start the program a meeting must take place with the Recreation Technician (site supervisor) and/or the basicREC Program Manager to go over your child's daily plan of action.

Children are not permitted to transport medications to and/or from the home/school. An original prescription must be kept on site with FCPRD staff during the program. *If applicable, the only exception is during the summer. FCPRD staff will let participants transport their medication to and from Camp basicREC to any premium camps they may be enrolled in.*

The FCPRD Written Medication Consent Form will be valid for <u>one year June to May</u>. However if applicable, we must ask the parent to look over the form (that we have on file) at the start of the school year to confirm that there are no changes. <u>CHANGES CAN ONLY BE MADE BY A PHYSICIAN!</u>

If you should have any questions regarding the form, please call me at 540-665-5678

Sincerely, Jason R. Brown basicREC Manager jbrown@fcva.us

MAT Medication Consent Form

This form must be completed in English.

• One form must be completed for each medication. Multiple medications cannot be listed on one consent form.

Parent MUST complete #1-#17 and #19-#22 for medication to be administered 10 working days or less. Parent may omit #16 and #17 for over-the-counter medications, sunscreen & topically applied insect repellent.

Health care provider MUST complete #1-#18 for medication to be administered more than 10 working days, nebulizer or epinephrine
auto-injector medication, and when dosage directions state "consult a physician". Parent must also complete #19-#22 in these cases.
Health care providers do not need to complete this form for over-the-counter medications/products applied to the skin.
